

# 5 Easy Steps

to find the right job and get hired with Glassdoor

## #1 | Find Available Jobs

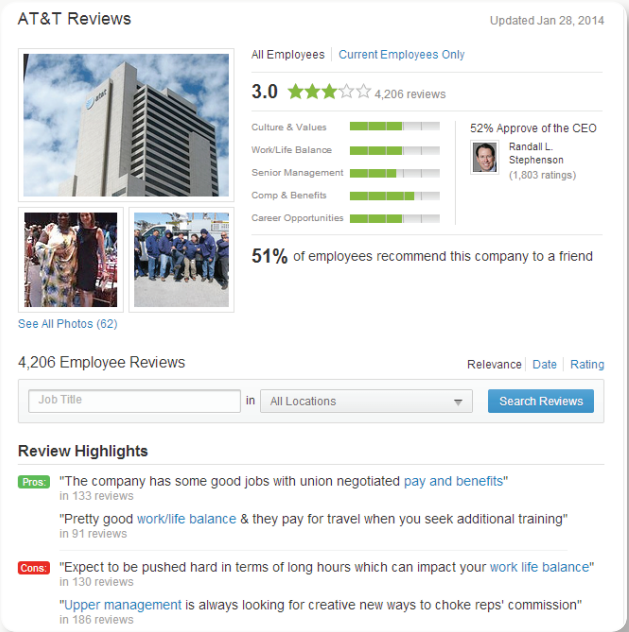

Search more than 15 million jobs by job title, location and more

Research companies as you browse listings

Set up job alerts to get new, relevant jobs sent to your inbox

## #2 | Research Companies

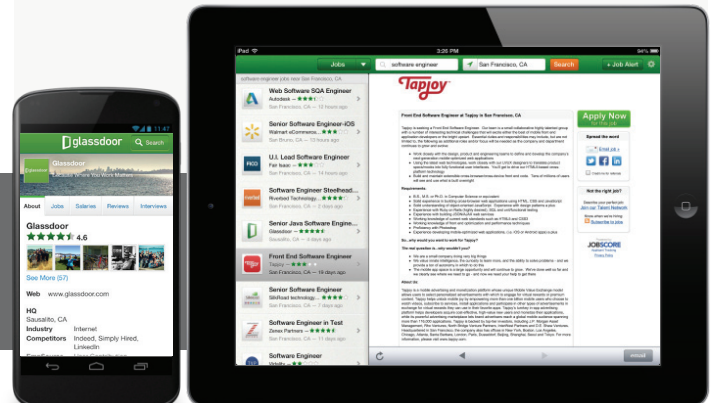

Search reviews and ratings on more than 300,000 companies

Compare companies by overall rating, CEO ratings, pros & cons and more

Find out what current employees are saying about their employers

BONUS TIP: Download the leading Glassdoor Jobs app on your iPhone/iPad or Android device for the **best mobile job search experience.**

#3 | Access Salary Information

Analyst Salaries

Updated Feb 3, 2014 - Salaries posted anonymously by employees and employers

Research average salaries in your area

Compare compensation across companies, locations and experience level

See breakdown of base pay, bonus and other compensation

BONUS TIP: Ask your library if they are part of the **Glassdoor Library Partnership Program**. If so, you can get free, unlimited access to Glassdoor using your library's website without having to sign up! Look for the Glassdoor link or Access Button.

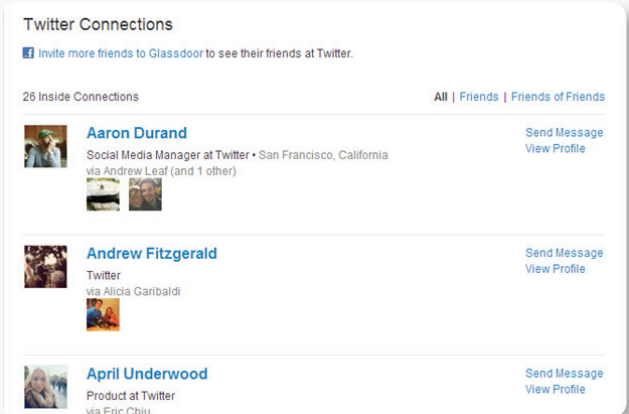

#4 | Prepare for Your Interview

Read actual interview questions from previous job candidates

Browse interview details, such as length of interview and interview difficulty

#5 | Discover Inside Connections

Connect using your Facebook account and build your network

Message friends at companies you are interested in
